All members of our club benefit from the low fees we pay. The fees can be kept low because member volunteers carry out many tasks that must be done around the club. Each member family is expected to help with their share of the work: approximately 3 days (24 hours) each year. Please fill in the equivalent of 24 hours using the information below as a guide. If each member family honours their commitment to the club, we will have another successful year. There are many tasks which do not require physical labour and every effort is made to accommodate individual abilities. From assisting at regattas to raking leaves, there are numerous opportunities to help out. Please be aware that we keep records of attendance at all work parties and other events.

Note: Event dates may not be final and are subject to change, with the exception of the dates for the work parties (#5). Refer to the FYC web site for the latest news and event updates at www.fyc.on.ca. Please consider the membership application and volunteering information requests carefully. Your support in checking areas where you can assist is relied on as vital information to assist the executive and committees in planning during the year and knowing that sufficient help is available. Without sufficient volunteers, events cannot take place.

1A. Personal Information

Provides the club with vital information to prepare the Yearbook, Phone Lists, etc. Please fill this portion out completely.

1B. Family Members

Include the name of your spouse and the names, birthdates and ages of children if eligible as a Family Member. Members under 14 will not be issued membership cards.

2. Boat Registration

This section allows us to identify your boat and/or trailer if you need to be contacted in an emergency. Indicate the type of storage space you require. See also club rules and policies. PLEASE NOTE: Certain storage facilities are limited and may not always be available. This will depend on whether you had those facilities last year and how late your registration is received. Waiting lists are kept, and spaces are assigned as they become available. Most watercraft are considered by UTRCA as boats, and are required to have park permits. See UTRCA about exceptions.

******* As a leaser to the UTRCA, and in keeping with our good neighbour policy, the Fanshawe Yacht Club strongly encourages you to purchase park permits and abide by the rules set out by the UTRCA *******

3. Membership Fees

Please take your time to ensure that you include all necessary and optional fees and that you have added the fees correctly. Omitting fees or incorrect addition will cause the application process to be delayed. New members must pay the one time initiation fee (waived for past members, adult FYC sailing school graduates and student members).

5. Work Parties

Members are encouraged to participate whenever possible. While there are many physically demanding jobs there are also many light duty tasks that may consist of errands, sorting etc. Each spring or fall work party day is equivalent to 8 hours (lunch is provided). Each mooring maintenance day or school boat repair day will be 4 hours in duration. Members can also volunteer to prepare the work party lunch.

6,10,11. Skills, Club Events, Club Projects

The Skills portion will serve as a resource list for organizers of work parties and projects. Please check off the skills that you can offer to the club. If you or another family member has an additional skill that you think might be useful to the club, please note it on the application. The Club Projects and Club Events portions of the application permit individuals to concentrate their time on a specific event and/or project.

CLUB RULES, BYLAWS & CONSTITUTION

Club policies and rules are covered in the Member's Handbook, to which members are encouraged to refer. Copies of the Member's Handbook are available from the membership chairman. The club constitution and bylaws are a separate document from the Club Handbook, and are available on request from the club Secretary or can be downloaded from www.fyc.on.ca. All club members are required to abide by the provisions of the bylaws of Fanshawe Yacht Club and the regulations of the Board of Directors. If you have any questions concerning club rules, do not hesitate to ask any members of the Executive.

Some of the more important club rules and policies to remember:

Fanshawe Yacht Club (FYC) is not insured or responsible for any damage to member's property stored at FYC, including boats and trailers. All members are responsible for ensuring that their property is properly secured and is insured for all potential risks and liabilities. Any property stored at FYC is left at the owners' sole risk and expense. FYC shall not be liable for any loss or damage to the property of the owner, whether by theft or otherwise.

Members are responsible for their conduct and the conduct of their family and guests at the club.

The front gate must be closed after use, and kept locked if left unattended.

The center island in the south parking lot is strictly a temporary storage area. Any trailer or boat left in the center island beyond one week may be removed to the UTRCA trailer/boat storage compound, unless prior arrangements have been made with the parking area Marshal. Refer to Boat/Trailer rules found in the Member's Handbook.

There is limited trailer parking for finger dock and mooring users; this must be arranged as there is limited space. Storage can also be arranged with the UTRCA campground office for a nominal fee. The only exception is for trailers with integrated sail lockers, which, provided trailer storage fees are paid, can be left in their assigned parking spots.

Boats must be removed from moorings by the second weekend in October to permit mooring removal.

All Boats must be removed from club grounds by the second weekend in November. Arrangements for winter storage in the UTRCA compound can be made with the UTRCA, and are the responsibility of the member. Property left on the club grounds after that date will be considered abandoned and may be disposed of as the club and/or the UTRCA see fit.

Personal docks may be stored on the club property over the winter in the designated area near the main gate. Docks not installed by the second weekend in May will be considered abandoned and become the property of the club to be disposed of, recycled, or reassigned. Beginning in 2012, each owner of a finger dock should include with his or her membership fees a \$50.00 security deposit, which will be refunded when the dock has been removed from Club grounds.

Overnight Stays on cruising boats can be arranged with the UTRCA campground. Please refer to the Club Handbook.
