## Advice of Photographic Records

At times during the courses, school staff, helpers and club members might take photographs or video recordings of the activities at the sailing school. These images may be used for sailing school mementoes for students or to market Club activities, or they may be posted on the Club web site. Unless we are informed to the contrary, we assume that the act of registering in our courses is an acceptance of this condition on the part of our students. Otherwise, a note to our registrar or to our coaching staff will be sufficient to request that you are not included in any photographs.

## Ontario Sailing Memberships

Under an arrangement with Ontario Sailing, contact information for each student may be shared with Ontario Sailing in order that they can issue proficiency certificates to recognize students' progress with the sailing courses. Students may be entered as Training Members of Ontario Sailing so that progress records can be kept. Certificate seals will be forwarded by mail as they are earned. Under no circumstances will the membership names or information be shared for commercial purposes.

## Liability Waiver

In registering for this sailing school program, I acknowledge that:

-sailing and other related activities may be hazardous and could expose participants to increased levels of risk

and

-I voluntarily assume these risks as a registering student.

I hereby release the Fanshawe Yacht Club, the sailing school, the Club members, officers, directors, employees and volunteers from all liability, claims and causes of action of any kind in respect of any personal injury, loss of property or loss of life arising out of the activities of the school. I have carefully read this waiver and I fully understand that I am freely executing same. I further understand that by agreeing to this waiver, I am prevented from any claim against the school and its parties.
